B. One beside the vehicle, one 100 in front and one 100 feet behind the vehicle	
One 10 feet behind the vehicle, one 100 feet behind and one 200 feet behind the vehicle	
D. One beside the vehicle, one 50 feet in front and one 50 feet behind the vehicle	
3. When one truck in following another truck or vehicle, it must keep far enough back to allow how many vehicles to overtake and enter safe between them?	ly
A. 2 vehicles	
B. 3 vehicles	
C. 4 vehicles	
D. Ivehicles	
4. Every farm tractor manufactured after January 1, 1972, complies with state lighting laws be:	
A. Traveling on the shoulder of the road B. Having one white lantern that shows to both the front and rear	
C. Having two head lamps	
D. Stopping upon approach of another vehicle	
5. When a truck breaks down on the highway in the daytime, the driver should set out:	
A. Two yellow flags B. Three red reflectors	
C. Two approved red flags	
D. Three flares	
6. Every trailer must have how many reflectors on the rear?	
A. none B. Three	
C. Two	
D. One	
7. When mud flaps are required on trucks or trailers, they must reach how close to the surface of the highway?	
A. 12 inches B. 16 inches	
E. 8 inches	
D. 18 inches	
8. Clearance lights on the rear of a vehicle must be:	
A. White	
B. Green	
C. Blue D. Red	
S. Act	
9. When one vehicle is towing another, the distance between the two must not be greater than:	
A. 18 feet	
B. 10 feet	
C. 15 feet D. 20 feet	
10. All school buses, buses, taxis and other vehicles hauling passengers for hire or lease must carry a chemical type fire extinguisher of at lease	st:
A. One gallon capacity	
B. One pint capacity	
C. Two quart capacity	
D. One quart capacity	
/ 11. Clearance lights are required by state law for trucks or buses if the width is:	
A. 75 inches or more	
B. 80 inches or more	
C. 70 inches or more	

12. All trailers or semitrailers must be equipped with clearance lamps, side marker lamps and side reflectors if their width is:	
A. 96 inches or more	
B. 72 inches or more	
D. 60 inches or more	
D. 60 menes of more	
13. Which of the following vehicles are not required to have mud flaps?	
A. Semitrailers	
B. Vehicles hauling livestock	
C. Vehicles operated interstate D. Pole trailers	
B. Fole dailers	
14. It is unlawful to operate any motor vehicle on a highway with:	
A. Flanges or lugs on the wheels	
B. More than ten tires on the ground	
C. More than two mud-grip tires D. Tire chains on the wheel	
15. Which of the following vehicles is required by state to carry a chemical type fire extinguisher?	
A. Ordinary passenger cars	
B. Cattle truck C Taxi Cab	
D. Truck hauling household goods	
16. The maximum height from the ground for mounted reflectors on vehicles greater than 80 inches wide is:	
A. 24 inches B. 48 inches	
C. 60 inches	
D. 30 inches	
17. No passenger vehicle may be coupled with more than:	
A. Three trailers B. Four trailers	
One Trailer	
D. Two trailers	
The state of the s	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is:	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is:	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must:	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads	
A. 50 mph B. 70 mph C. 60 mph D. 65 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph	
A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red	
A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White	
A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21 When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow	
A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White	
A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 22. One purpose of requiring regulation papers on trucks at all times is to show:	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph D. 60 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 22. One purpose of requiring regulation papers on trucks at all times is to show: A. Weight of the truck empty and how much it is registered to haul.	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph D. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph D. 60 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 22. One purpose of requiring regulation papers on trucks at all times is to show: A. Weight of the truck empty and how much it is registered to haul. B. Weight of the truck when loaded	
A. 50 mph B: 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph D: 60 mph C. 55 mph D: 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 22. One purpose of requiring regulation papers on trucks at all times is to show: A. Weight of the truck empty and how much it is registered to haul. B. Weight of the truck when loaded C. Ownership of the truck	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph D. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph D. 60 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 22. One purpose of requiring regulation papers on trucks at all times is to show: A. Weight of the truck empty and how much it is registered to haul. B. Weight of the truck when loaded	
A. 50 mph B. 70 mph C. 60 mph D. 65 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 22. One purpose of requiring regulation papers on trucks at all times is to show: A. Weight of the truck empty and how much it is registered to haul. B. Weight of the truck C. Ownership of the truck D. Counties in which the truck may be operated 23. What is the maximum number of trailers lawfully towed?	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 122. One purpose of requiring regulation papers on trucks at all times is to show: A. Weight of the truck empty and how much it is registered to haul. B. Weight of the truck when loaded C. Ownership of the truck D. Counties in which the truck may be operated 23. What is the maximum number of trailers lawfully towed? A. One	
A. 50 mph B-70 mph C. 60 mph D. 65 mph D. 60 m	
18. The top speed limit for heavy trucks on designated rural interstates in the daytime is: A. 50 mph B. 70 mph C. 60 mph D. 65 mph 19. Vehicles transporting loose material (sand, dirt, gravel, etc.) that is capable of spilling or blowing from the vehicle must: A. meet loading and/or covering regulations to prevent spilling or blowing B. Have a special permit C. Drive only on country roads D. Always have the load covered to prevent spilling or blowing 20. The maximum speed limit for a taxicab on numbered U.S. Or state highways in the daytime are: A. 65 mph B. 70 mph C. 55 mph D. 60 mph 21. When towing with a chain, what color of flag must you put on? A. Red B. White C. Yellow D. Blue 122. One purpose of requiring regulation papers on trucks at all times is to show: A. Weight of the truck empty and how much it is registered to haul. B. Weight of the truck when loaded C. Ownership of the truck D. Counties in which the truck may be operated 23. What is the maximum number of trailers lawfully towed? A. One	

24. Before going down a steep grade with a commercial vehicle you should? 25. Cargo length requirements do not apply in:

A. Us Highways
B. State Highways
C. City Limits
D. farm to market Hwy

26. What is the greatest weight allowed, including your load?

A. 40,000
B. 59,000
C. 80,000
D. 90,000
