

## Changes for 2017 Luxe

### Exterior

1. 101"
2. Straight Roof Line
3. Plywood on the Roof
4. Equalizer Leveling Control has an independent Compartment Door Location on exterior of unit. No longer in pass thru area.
5. More Exterior Storage – 2 opposing exterior doors on the rear of the unit and 2 opposing doors next to pass thru compartment. One door on the rear will hold the power cord reel option if a customer chooses that option.
6. Water line going to the fridge for icemaker
7. Exterior access door behind fridge to access water line or power cord for fridge (If the fridge is in the slide-out) – great user function ability
8. Solar Prep – This is on the side of the unit near the front storage compartment (Portable solar panel) and on top of the unit in case a customer wants to add solar panels mounted on the roof. (Solar panels are now an option on the order form as well – 160 watt zamp).
9. 10/16 Gallon Water Heater – this is not an on demand water heater. However, it is a great improvement to the traditional water heater. A customer can option in Truma Plus on Demand if desired. We are going away from Atwood on demand.
10. Exterior Grab Handle is now standard on all Luxe's.
11. 78" Entry Friction Hinged Door – it use to be 72"
12. 2<sup>nd</sup> satellite hookup area in convenience center.
13. Insulation (Fiberglass & Thermal Wrap) in the underbelly.
14. 360 Siphon Vent on the black tank – this removes bad odors and gasses from the unit – only on the black tanks.
15. Second light switch in pass thru storage on off door side.
16. Winegard Razar Automatic antenna.
17. Larger LP doors for easy access.

### Kitchen

18. Water Filtration System – located in kitchen island for easy access.
19. Dishwasher Option is now available on all floorplans whether a customer gets the oven or not. Dishwashers will always be in the kitchen island on all floorplans.
20. Double Sinks in the kitchen island is standard on every Luxe now.
21. Kitchen Island has solid surface charging countertop just like Ambition.
22. Fascia Redesigned.

## **Living Room**

23. Free Standing Table is standard in all floorplans now. A customer must option in a buffet table if desired or outside entertainment if desired.
24. Black Bead board behind the TV. No longer using the flimsy backsplash.
25. Buffet Table has no more legs. Buffet Table now will have removable leaves to extend the table.
26. Buffet Table can now fit up to 6 people.
27. Another A/C sensor at the rear of the unit. Better temperature control.
28. Dining Slide is more of a flush floor.

## **Bedroom**

1. Bedroom now has MCD day/night Shades as standard

## **Bathroom**

2. Thermal Formed molded waterfall sinks in the bathroom are standard – no longer using vessel bowls.
3. Bathroom Mirrors are just like Ambition now and are frameless bathroom mirrors that are bigger now.
4. White Shower – no longer doing the color shower. This is to match the thermal formed waterfall sinks.
5. Bathroom floor is the infinity fabric moisture/mold resistance one piece flooring – first in the industry.

## **Other**

1. Firefly Integration – Master control panel is now all firefly. You control your slide-outs, tank levels, lights – this replaces the old master control panel.
2. Better plumbing shutoff valves (made of metal) – more residential.
3. New Paint Option – Daybreak
4. Upgraded floorplans for the 40RE & 39FB. 2 new floorplans 37RS & 42RE.
