

<http://www.roadmasterchassis.com/safety/index.html>

At Roadmaster, our first priority is your safety. And let's face it, nothing compares to the peace of mind that comes with knowing you're in one of the safest coaches on the road. In fact, because safety is our highest priority, you'll find advanced features on each of our chassis that you won't find on others. Use this checklist to compare, and you'll see why more diesel motorhomes are built on Roadmaster than on any other chassis.

<b>Chassis Model :</b>		<b>RSR</b>	<b>F4F</b>	<b>RR4R</b>	<b>RR8R</b>	<b>RR10R</b>	<b>RR10S</b>	<b>S-Series</b>
<b>Feature</b>	<b>Benefit</b>							
Automatic Traction Control	Better handling in slippery conditions			X	X	X	X	X
Anti-Lock Brakes	Superior stopping power, especially on steep grades	X	X	X	X	X	X	X
Frame Rail Dimensions/Hardness	Greater strength and a better ride and handling	1/4" C-Channel 50,000 PSI	1/4" C-Channel 50,000 PSI	1/4" C-Channel 50,000 PSI	3/8" C-Channel 50,000 PSI	3/8" C-Channel 50,000 PSI	3-1/2" x 8-5/16" x 3/8" 50,000 PSI Steel* 3-1/2" x 6" x 3/8" 110,000 PSI Steel**	3" x 8" x 1/4" 60,000 PSI Steel
Engine Brake	Uses engine compression to provide supplemental braking, reducing wear and tear on wheel brakes						X	X
Exhaust Brake	Uses engine exhaust to provide supplemental braking, reducing wear and tear on wheel brakes	1	1	1	X	X	X	
Steel Firewall	Extra protection for driver and co-pilot in the event of a collision	X	X	X	X	X	X	X
Multi-Layer Floor with 1-1/2" Square Tubular Construction	The strongest foundation and best insulation you'll find anywhere	X	X	X	X	X	X	X
SmartStructure Integrated Steel Truss System	Enhances chassis strength and provides more pass-through storage	X	X	X	X	X	X	X
Semi-Monocoque Construction	Unsurpassed ride and handling							X
Air Bags Strategically Placed	Minimizes rock and roll for a smoother ride and superior handling	N/A	N/A	4 in line with rails combined with front torsion bar	8 outboard mounted	10 outboard mounted	10 outboard mounted	10 outboard mounted
Cushion Air-Glide	Active air suspension	N/A	N/A	Y	Y	Y	Y	Y

Suspension with 3 Monitored Leveling Sensors	adjusts air pressure while you drive, minimizing body sway and "porpoising" and providing superb stability and maneuverability
