

QUALITY AND COMFORT: IT'S A TRADITION!

Like the strong foundation of our family owned business, Western Recreational Vehicles, Inc. has been building some of the toughest, most reliable Motor Coaches, Fifth-Wheels and Truck Campers for over three decades. We understand that tradition is the key to creating premium quality recreational vehicles year after year. We take pride in using state-of-the art design and technology to build the luxurious Alpine Coach. Along with high quality and comfort, other top priorities include: safety, attention to detail, premium features and customer satisfaction.

Our Western RV family believes trust and experience go a long way. Our more than 32-year commitment to quality, comfort and reliability is a family tradition. So no matter where your journey takes you, trust our family to be there for your family.

- 1. Carefree® Powervisors® are standard, offering push-button control for more convenient sunglare protection and driving comfort.
- 2. Audio and video components are neatly positioned and centrally located.
- 3. 21.5 cu. ft. Amana® Residential Refrigerator option.
- 4. The power management controls and Accu-Gauge® tank monitor readout pad are conveniently located and out of sight when not in use.
- Model 40 FDTS Kenmore® stacked Washer/Dryer with Item Shelf and Vintage Cherry Cabinetry options.
- Model 36 MDDS Galley with Atwood® 22" Gas Oven option and Natural Maple Cabinetry.

Western Recreational Vehicles, Inc. is proud to introduce the new generation of Motor Coaches, the 2004 Alpine Coach - America's Premium Recreational Vehicle. We're passing on our tradition of first-class quality, comfort and convenience in every Alpine Coach.

LIVE AND DRIVE IN FIRST-CLASS COMFORT.

Even before you sit behind the wheel of an Alpine Coach, it's easy to see the first-class comfort and style. With each year Western Recreational Vehicles, Inc. surpasses even our own high expectations of excellence. We take pride in building America's premium recreational vehicles.

When you travel in a 2004 Alpine Coach, it's like taking all the luxuries and comforts of home along. The Coach offers a variety of first-class features, including spacious rooms, oversized windows, generous headroom, handcrafted hardwood cabinetry finished with residential hardware and much more.

So no matter where your adventures lead, you'll be driving in first-class comfort in an Alpine Coach.

Extra-wide and comfortable Ultra-Leather Buddy Seat with Power Footrest, 8-way Power Adjustment and 3-Point Seat Belt option.

With each new Alpine Coach, we take the time to design and build it with care and ingenuity. From the elegant Flexsteel® premium grade furniture to plush Fabrica® residential grade carpeting, the Coach's interior design shows off your own personal fashion and flair.

The Alpine Coach has been named in national publications as the motorhome "that drives like a european sports sedan," is "...one fine driving machine" and "...it looks and feels like it should cost even more..." See for yourself what everyone is talking about and head to your local dealer for a test drive. Take a trip around the block and you'll want to take a trip across the country.

New for 2004! Easy reading white background and backlit gauges with classic wood grain dash and steering wheel insets. Shown with standard Smart Wheel*.

Pull-out dash drawer with cup holders and coach body function switches for an uncluttered cockpit.

A valuable feature for 2004 is the push button electronically operated recessed stepwell cover. Electric activation eliminates freeze-ups common to air activated covers. When the step isn't needed, it's out of sight. (Front door models only)

REST IN COMFORT AND LUXURY.

MODEL 40 FDTS • Woodlands Interior with Heritage Cherry Cabinetry and Padded Vinyl Ceiling options.

MODEL 34 FDDS • Willow Bay Interior with Tuscan Maple Cabinetry.

The comforts of home don't stop in the living room or galley; our engineers have designed unique sleeping and bathroom areas with you in mind. You're sure to sleep comfortably in the spacious master suite, equipped with a full 60" x 80" queen-size, or in our 40 FDTS floor plan, a full 76" x 80" king-size Discovery by Bodyrest* deluxe pillow-top inner spring mattress designed for standard fitted sheets. The convenient cedar-lined wardrobe, combined with drawers, offer an abundant amount of space for your personal items. You'll always travel and rest comfortably in an

MODEL 40 MDTS • Shown with Natural Cherry Cabinetry option.

Alpine Coach owners have always appreciated the custom design and elegance the spacious bath area has to offer. It features a fully enclosed shower, quality satin nickel finish residential plumbing fixtures, a large insulated skylight and a one-piece Karadon® Solid Surface Vanity polished to an appealing high lustre.

Folding Shower Seat option for personal comfort.

Quality satin nickel finish shower hardware and insulated skylight. An optional tub/shower combination is available.

A large Vanity Make-Up Counter with Karadon® Polished Solid Surface is standard in all 38 and 40 foot floor plans.

BEAUTY SPEAKS FOR ITSELF.

Exterior Features

While the Alpine Coach's interior is magnificent, the exterior is just as impressive, both in appearance and durability. The exterior is built to last and endure any type of weather. Alpine Coach offers five Premium Exterior Color Groups in a striking transitional design as a standard feature.

The optional A&E Power Pro® Fabric Awning with Wind Sensor will automatically retract to reduce the chance of wind damage and can be calibrated to your preference depending on the windspeed at your location. A small handheld remote allows operation without having to enter the coach.

The standard Premium Exterior Color Group design is carried around the slide room end walls providing a continuous and coordinated graphic effect with the slide rooms in the extended position.

Autumn Tan Premium Exterior

The retractable fueling compartment is designed to eliminate the impact of accidental overfills and provide security for your fuel system. Also built into this handy area is a serviceable 7.5 kw Onan® Quiet Diesel generator.

Two-piece "bus style" urethane set windshields seal tighter than rubber gasket applications. Standard forward mounted, chromed, heated and remote controlled mirrors create a larger field of vision for added safety.

Automotive style integrated tail and auxiliary lower backup lights aid in vision and safety. A specially designed spoiler helps to direct air over the rear cap to minimize road grime from adhering to the cap surface.

A special bracket is mounted to the roof for antennas and air horns eliminating additional holes and minimizing the chance of water intrusion. Notice that the bracket is also located back from the front of the coach to minimize wind noise while in transit.

Integrated into the rear cap, is a locking access door that allows an easy visual check of coolant, power steering fluid and belts, as well as an easy to reach engine oil fill. All in a neatly designed and finished area.

Pass through storage bays are spacious and equipped to handle all of your necessities.

An optional Gledinning® Power Cable Reel simplifies electrical hook-up and provides fast and reliable coiling for efficient cord storage.

Solarcool mirror-tinted thermal panel windows are standard and increase privacy

Alpine's sanitation station is packed with premium features; black tank flush, pressurized hot/cold faucet and showerhead, light, soap dispenser, paper towel holder and connections for 50 amp service, cable TV, city water and telephone.

and insulation.

Char

PERFORMANCE AND PROTECTION.

When it comes to drivability, Alpine Coach will exceed your expectations with its own Peak Custom Chassis. Our philosophy is simple: Build a coach with handling characteristics reminiscent of a European touring sedan. From the oversized Toyo* tires that deliver supreme traction and braking, to the powerful 8.3 ISC and 8.9 liter ISL Electronic Cummins* diesel engines, every detail was examined to make the Alpine Coach the finest and safest Premium Coach in its class.

Please see your dealer or contact Western Recreational Vehicles for copies of recent product reviews of the Alpine Coach and its high performance Peak Custom Chassis.

Experience the perfect balance of quality, performance and convenience. It only takes one test drive to see why Alpine Coach is changing the standards by which others are measured.

- The engine maintenance center allows access to check engine oil, transmission fluid level, service of air filter, fuel filter, auxiliary air coupler and automotive diagnostic link.
- 2. Every electrical connection is well labeled, coded and harnessed. The use of aircraft and automotive connectors make this system virtually fail-safe.
- Choose either the standard 4 point air or optional automatic hydraulic leveling system from HWH®, the industry leader in leveling systems.
- 4. The cooling system for the Cummins® diesel engine earned high honors by passing the strict Cummins® Engine Company test #AEB 90.24 cooling, a critical consideration when purchasing a diesel pusher motor coach.

- **A.** The Huck® bolted frame adds strength and integrity to the Coach. Huck bolts are utilized for their proven superior strength and reliability, as proven in the 100,000 GVW Class 8 truck market and in every Alpine Coach.
- **B.** A Class 4 10,000 lb. capacity hitch with wiring and tow plug is standard for the tow vehicle of your choice.
- **C.** The Vansco® Power Net Electrical System is fully multiplexed with auto-reset fuses. This state-of-the-art streamlined system allows easier and more accurate troubleshooting and helps to alleviate added weight caused by additional wire, relays and fuses.
- D. Two Group 31 Interstate® maintenance free chassis starting batteries provide 660 Cold Cranking Amps, and are grouped with 6 powerful Interstate® 6-volt house batteries offering a total 732 amp. hours of service for maximum performance and extended usage.
- **E.** Peak Chassis boasts one of the best handling air suspension systems. It includes Neway's heavy-duty custom tuned "active" air ride suspension, Bilstein heavy-duty self-adjusting gas shocks, Toyo high performance all steel radials, IPD 15/8 diameter front anti-sway bar and four ride height control valves to constantly monitor and react to changing road and weight conditions at each wheel. When you combine the above suspension systems with one of the best weight distributed coaches in the industry (40% front and 60% rear) you know you have invested in a great driving machine!
- F. Safety and automotive feel were two leading factors when 15 inch ABS disc brakes were engineered into the Peak Chassis. According to the FMVSS 105 Brake Performance Test, Alpine Coach exceeded the requirements with "a minimum 24% factor of safety at maximum gross vehicle weight" at the Bosch® Automotive Proving Grounds. It is comforting to know this is the same style of performance braking system used in critical applications for airplanes, Nascar® and Indy race cars.
- **G.** The side mounted all steel and aluminum radiator is engineered for greater cooling and longevity than others that use common plastic parts. The side mounted muffler system helps to achieve a 10-degree departure angle that won't drag on driveways like rear mounted models.
- H. Teleflex® adjustable throttle and brake pedals are standard, and move with the push of a button to meet your requirements for increased driving comfort and added safety. The automotive inspired hanging pedal design provides the same type of familiar pedal movement you are accustomed to in your own car.

Western Recreational Vehicles, Inc. is proud to continue the tradition of building America's Premium Performance Motor Coach – the 2004 Alpine Coach Limited.

Quality Construction

Fully laminated vacuum bonded 6005 T5 aluminum tube construction with block foam insulation for comfort in any climate. The one-piece fiberglass roof is strong, durable and 5.25" thick to insulate from the sun. Sidewalls are 2" thick while the floor is 2.25" to create a quiet ride.

Extra Care and Attention to Detail.

2004 Alpine Coach Limited

MODEL 40 MDTS • Meadow Green Premium Exterior with A&E Power Pro® Awning with Wind Sensor and Cummins® 8.9 ISL Electronic 400hp Engine options.

MAKE PLANS TO TAKE THE Alpine Coach TOUR

We invite you to visit our state-of-the-art manufacturing facility located in beautiful Yakima, Washington. During your extensive tour, you will see Alpine Coaches being assembled with tremendous skill and pride. You'll also see our stringent Quality Assurance Program at work. Tours are available Tuesday and Thursday at 10:00 am.

Every effort has been made to use accurate photographs, product descriptions and specifications at the time of printing. However, because of continuous and progressive product improvement, specifications and descriptions, including weights and measures, are subject to change without notice or obligation.
